

# FROM THE EDITOR

Welcome to the third issue of Flow Magazine. Jennifer is hard at work putting together this issue, so she asked me to stand in for her. After the tardy appearance of the 2nd issue (partly due to John Ashcroft and "Black Monday"). She and I felt it imperative to turn this issue out in time for the G.A.S. Conference. Jennifer went through a lot of coffee, but if you're reading this, her persistence paid off.

Over the last six months, we have come to realize how lucky we are to be involved in the present lampworking movement. Flow magazine has received tremendous support from our industry's manufacturers and distributors. Their help has not just been monetary. We have been given encouragement, ideas and promotional support.

We also need to recognize the people who support The Flow by providing much needed content. Many believe in "Sharing the Love" and prove it with the comprehensive technical articles that are submitted. Keep it coming!

We ask our readers for their feedback. It is important for us to know what you think. Send praises or complaints, just send them. We strive to represent.

Box Fan Willy

Piece by Hamm "Blue-Footed Egret"  
Dimensions 20" x 9" x 6"
